In continuation of the working instructions already issued vide references cited above, the following additional instructions for simplifying the process are issued for effective implementation.

- a) The Assistant Engineer / Section Officer concerned is hereby nominated as Nodal Officer instead of Executive Engineer. Hence, Solar Net metering application (in respect of LT Tariff only), along with all charges such as Registration fee, Meter replacement cost, etc., should be received and registered by the Assistant Engineer/Section Officer.

- b) The Assistant Engineer/Section Officer is also instructed to carry out the feasibility analysis of the Distribution Transformer capacity instead of Assistant Executive Engineer/O&M.
- c) Also the Assistant Engineer/Section Officer is instructed to issue feasibility approval to the consumer instead of Executive Engineer/O&M. However, the feasibility intimation letter/approval should be issued within 7 working days from the date of registration of application.
- d) Subsequently, the meter replacement estimate shall be prepared by the Assistant Engineer / Section Officer and got sanctioned from the Assistant Executive Engineer/ O&M within 7 working days from the date of issue of feasibility approval, since the sanction of meter replacement work comes under DCW category.

The Chief Engineer/IT is requested to make necessary changes in the software for the above.

All other instructions issued earlier remain unaltered.

(BY ORDER OF DIRECTOR/DISTRIBUTION).
